

Archery Summit PRESS

2005 Red Hills Estate

Wine & Spirits

April 2008

92 Cool and leafy, with a strawberry tinge to the fragrance that grows more complex with air, this savory, foresty wine points to a classic Dundee Hills profile. Grown on a broad, south-facing, red-soiled slope, it is full of succulent red cherry flavors that have more than a hint of that red earth.

International Wine Cellar

May/June 2008

92 A dark red color with intensely mineral aromas of graphite-accented raspberry and cherry, Indian spices and dried flowers. Juicy red fruit flavors are medium-bodied and strikingly sweet, with an energetic snap of zesty minerality adding lift. Finishes fresh and elegant, with no excess fat and superb cut. I love the clarity of this pinot.
